PROFILE

Always curious and eager to learn, I love building different, scalable web apps that solve real-world problems and push the limits of what's possible with technology.

EDUCATION

Manipal University Jaipur   *Jaipur, India*
Bachelor of Engineering in Computer Science(IOT & IS)   2023 – 2027

SKILLS

Languages: JavaScript, TypeScript, C++, Java, HTML5, CSS3
Frontend: React.js, Next.js, Tailwind CSS, Framer Motion
Backend: Node.js, Express.js, Firebase, Appwrite
Databases and Auth: MongoDB, Firebase Realtime DB and Clerk

PROJECTS

Effisense (Live Demo)   March 2024
Calendar and Task Management
- Developed a feature-rich calendar and task management app for productivity and smart scheduling and AI Suggestions.
- Integrated real-time notifications and synchronization with backend services using Appwrite and Google Calendar Sync.
- Built using React.js, Tailwind CSS, Framer Motion, and Appwrite

PathGenie (Live Demo | Github)   April 2024
AI-Powered Career Guidance and Resource Platform
- Designed and built an AI-based system to provide career suggestions and curated learning resources.
- Leveraged Gemini API and Groq API to generate personalized career paths.
- Full-stack development using React.js, Firebase, Tailwind CSS, and Appwrite.

PortDev (Live Demo | Github)   February 2024
Instant Portfolio Generator
- Created a platform where users can build a personal portfolio in minutes using interactive templates.
- Enabled live editing, real-time preview, and dynamic deployment.
- Technologies: React.js, Tailwind CSS, Firebase backend.

Finwise (Live Demo | Github)   March 2024
AI-Powered Investment Advisor
- Built a finance education and advisory platform that recommends investment options based on user profile.
- Integrated Gemini AI to explain financial concepts and suggest investment paths dynamically.
- Developed using React.js, Tailwind CSS, Framer Motion, and Firebase.

ACHIEVEMENTS

- **Winner**, HackerzStreet Hackathon 2025 organized by IEEE CS MUJ (Team Lead)
- **500+ DSA problems solved** on LeetCode (https://leetcode.com/cyberboyayush)
- Built and deployed 8+ major full-stack projects independently using cutting-edge technologies.
